

NATIONAL METALLURGICAL ACADEMY OF UKRAINE

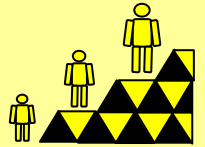

MASTER PROGRAMMES

Duration – 1-2 year

Tuition fee – 1800 USD per year

- Ferrous / Non-Ferrous Metallurgy
- Special Metallurgy
- Chemical Technologies of Fuel / Oil and Gas Refractory
- Chemical Technologies of Refractory Non-Metal and Silicate Materials
- Foundry of Ferrous and Non-Ferrous Metals
- Applied Materials Science
- Composite and Powder Materials and Coatings
- Metal Forming
- Heat Treatment of Metals
- Industrial Heat Engineering
- Heat Physics
- Electromechanical Systems of Automation and Electric Drive
- Machine Building / Machine Manufacturing Technologies
- Metallurgical Equipment
- Wheeled and Track-Type Vehicles
- Ecology and Environmental Protection
- Automated Management of Technological Processes
- Information Management Systems and Technologies
- IT Design
- Economics of Enterprise
- Credit and Finance
- Audit and Accounting
- Economic Cybernetics
- Management of Organizations
- Management of International Economic Activity
- Documentation and Information Activity
- Project Management
- Administrative Management
- Innovation Management
- Intellectual Property
- Metrology of Quality Testing
- Quality, Standardization and Certification

BACHELOR PROGRAMMES

Duration – 4 years

Tuition fee – 1700 USD per year

- Metallurgy
- Chemical Technology
- Foundry
- Electromechanics
- Materials Science
- Ecology
- Computer Science
- Heat and Power Engineering
- Automation and Computer Integrated Technologies
- Metrology, Standardization and Certification
- Machine Building / Machine Manufacturing
- Mechanical Engineering
- Economics of Enterprise
- Credit and Finance
- Audit and Accounting
- Economic Cybernetics
- Management
- Documentation and Information Activity
- Philology
- Engineering Pedagogics

PREPARATORY TRAINING

Duration – 1 year

Tuition fee – 1150 USD

BASE COURSES:

- Russian / Ukrainian Language
- Mathematics
- Physics
- Chemistry
- Informatics
- Drawing

• PhD PROGRAMMES

Duration – 3 years

Tuition fee – approx 3000 USD per year
